

FACULTY OF NEW SCHOOL OF MUSIC

MISS MARGARET KREIGH AND MISS ALICE POTTER AMONG THE INSTRUCTORS—TO BE KNOWN AS THE ASBURY CONSERVATORY OF MUSIC.

TO OPEN IN SEPTEMBER

The faculty of the new School of Music, which is to be known as the Asbury Conservatory of Music, was announced today by Prof. Isaac Norris, who is to be the head of the new institution. The announcement Friday that the new school was to be organized came as a great surprise to Greencastle as there had been little if any intimation of the plans for the organization, previous to Thursday, when the building in which it will make its home, was leased.

This morning Prof. Norris gave out an interview regarding the organization and purpose of the institution. It is as follows:

"It is the belief of the management of the Asbury Conservatory of Music that there is a growing musical spirit in the Middle West which demands an institution of broad musical culture and which will be conducted along comprehensive educational lines.

"The management also believes that the highest type of musical instruction can only be accomplished when the faculty of such an institution is composed of individuals of intense earnestness, seriousness of purpose and high aims, and when the faculty members are qualified by education, experience and unquestionable musicianship.

"In pursuance of these ideals the following faculty is presented:

"Prof. Isaac Edward Norris—Piano, Pipe Organ and Theory. Studied piano and theory with Theodore Leschetzky of Vienna with Profs. Hermann Graedener and Robert Fuchs of the Royal Conservatory.

"Herr Ferdinand Schaefer—Violin. (Formerly teacher in Royal Conservatory of Leipzig.)

Herr Rudolf Heyne—Voice and Director of Chorus. (Formerly teacher in Royal Conservatory of Leipzig.)

"Miss Margaret Kreigh—Assistant in Voice. (DePauw University class of 1909. Soprano soloist in Tabernacle Church of Indianapolis.)

"Miss Alice Trout—Assistant in Piano.

"Miss Alice Potter—Public School Music and Piano.

Mr. Walter P. Pfaff—Instructor in Dramatic Art.

"The school will open September 16, 1912.

"The building at the corner Washington street and Spring avenue, is being thoroughly overhauled. A new steam heating plant is to be installed. A new system of electric lighting will be put in. The walls are to be re-decorated, and everything will be done to make an inviting home for the new school."

A PRANK WHICH IS CHARACTERISTIC OF BRAZIL.

BRAZIL, Ind., May 31.—A. J. Steen, of Terre Haute, while returning from the Indianapolis Speedway last evening, was the victim of a trap set by some men at New England, a suburb of this city. A board had been placed in the road with one end buried under some gravel and sand, and when the automobile struck this board, it threw the gravel in the faces of those in the automobile. Mr. Steen got the full load of gravel and his left eye was blinded. Mr. Steen came to this city and called on Dr. Boyer, the oculist, who took almost a half teaspoonful of gravel and sand from his eye.

Mr. Springer and daughter, of Broadpark, spent the day in Indianapolis.

Miss Thompson, of Bridgeton, is visiting with Miss Bertha Welch, at Florence Hall.

Miss Florence Crawford, of Terre Haute, is here visiting with her mother, Mrs. Frank Crawford.

WARASH WINS REVENGE ON METHODISTS' ERRORS.

Ragged Support Given Patterson Enables Scarlet to Even Up for Season in 4-to-2 Game.

CRAWFORDSVILLE, Ind., May 31.—Cotton Berndt's Methodist aggregation narrowly escaped a calamity in the hands of the revengeful Warash College diamond stars this afternoon. DePauw annexed two runs in the ninth frame, making the final score 4 to 2 in favor of the scarlet athletes.

The visitors had one game to their credit on the scarlet, Glover, at short, stop for Warash, did some of the fastest work in his position ever seen on Ingalls Field. The only bobbie chalked up against Warash was on a bounder to left field, which got away from Hill.

Patterson pitched a good game for the visitors, but was given poor support. Capt. Johnson's misplays at short were largely responsible for the Warash runs. Lambert twirled well for the scarlet, holding his opponents to three hits, and was helped out by the excellent fielding of his team mates. Score:

DePauw 000000002—2 3 6

Warash 30000010—4 4 1

Batteries—Warash, H. Lambert and Huffine; DePauw, Patterson and Lewis. Umpire—Conklin.

Appellate Court Note.

—Coal Mines—Dust Explosion—Complaint—

7520. Vandalia Coal Company vs. Havercamp, by next friend, Putnam C. C. Affirmed. Adams, P. J. 1. The first paragraph of the complaint is same as Vandalia Coal Company vs. Yemm, 92 N. E. 49, and is held sufficient on its authority. 2. That fact that plaintiff's fellow servants' negligence combined with defendant's negligence to cause the injury is no defense for defendant for damages caused by the combined negligence. And where defendant failed to sprinkle the mine and the air became charged with dust and the fellow servants set off illegal shots which fired the coal dust, causing an explosion, defendant was liable to the servant for the injury. 3. Whether it was a dust or gas explosion was a jury question found against defendant that it was a dust explosion, and there is evidence from which such inference could be drawn to support the verdict.

SUES TO BREAK WILL OF M. E. MICK

MRS. FLORENCE M. ROBINSON WANTS ONE-THIRD OF \$100,000 BEQUEST GIVEN TO DEPAUW UNIVERSITY BY HER FATHER.

UNIVERSITY WILL FIGHT CASE

The verdict in a suit filed yesterday by Mrs. Florence M. Robinson of Broad Ripple against the Marion Trust Company, executor of the Will of M. E. Mick will, and others, will determine whether DePauw University is to receive an estate valued at \$100,000. Mr. Mick died about a month ago, leaving his estate to his wife and daughter during their lifetime, but providing that at their death it is to go to DePauw University as a fund for assisting poor young men through college. Mrs. Robinson, a daughter of the late Mr. Mick, seems to break the will, under the terms of which she will lose her life interest in the estate if the case is not decided in her favor. Mrs. Robinson charges in the complaint that her father at the time he made his will was of unsound mind and that the will was unduly executed. She asks one-third of the estate.—Indianapolis Star.

In an interview this morning Dr. Salem B. Towne, financial secretary of DePauw University, declined to state just what action the university would take in the case. He intimated, however, that the suit would be fought through courts. Hugh Dougherty, of Indianapolis president of the board of trustees of DePauw, and H. H. Hornbrook, also of Indianapolis, attorney for the school, will handle the case in behalf of the university.

STREET WORK MAY BEGIN ON MONDAY

JOE CRONAN, EMPLOYEE OF THE MADISON CONSTRUCTION COMPANY, WHO IS HERE TODAY, SAYS THAT ONLY RAIN CAN INTERFERE WITH PLANS TO START THINGS MOVING.

MAY FINISH IN FOUR WEEKS

If the weather continues good and the plans of the contractors to begin work on the square improvement work next Monday materialize, the Greencastle square improvement may be completed by July 1. After numerous delays, because of rain, Joe Cronan, an employee of the contracting company, is here today and announces the work will surely begin next Monday, unless rain interferes.

With four weeks of good weather the contractor says, the work can be completed. The completion of the work in that time depends entirely upon the weather, however.

Greencastle People Give Credit Where Credit is Due.

People of Greencastle who suffer with sick kidneys and bad backs want a kidney remedy that can be depended upon. The best is Doan's Kidney Pills, a medicine for the kidneys only, made from pure roots and herbs, and the only one that is backed by willing testimony of Greencastle people. Here's a case:

I. W. Key, R. F. D. 2, Greencastle, Ind., says: "I know that if Doan's Kidney Pills are given a trial, they will benefit anyone suffering from kidney trouble. I was afflicted with this complaint for at least fifteen years and I was made miserable by pains in the small of my back especially severe when I stooped or lifted. I always felt languid and nervous, was subject to headaches and dizzy spells and was annoyed by too frequent passages of the kidney secretions. Although I used but one box of Doan's Kidney Pills, they relieved the pains in my back and helped me in every way."

Petitions are being circulated for signers to make road improvement through Ladoga. It is proposed to begin the improvement on the Ladoga and Roachdale road at the old toll gate, a mile south of Ladoga cemetery cut down the hill of Racoon bridge, straighten and widen the road between the bridge and south corporation line of Ladoga and macadamize the road to Main street in Ladoga, east on Main to Meridian at the old Messick corner, north two squares on Meridian to Taylor street, west on Taylor to Washington and north on Washington to the three-mile limit on the road to Crawfordsville. The improvement is one that is needed; there is no question about that, and it is one in which Ladoga expects to have a share. It is only right that she should. Ladoga citizens and taxpayers have always responded when called upon to aid in securing improvements in surrounding territory, have signed the necessary petitions and have paid their share of the taxes because they believed improvements will be a benefit. Ladoga citizens are paying about \$1,300 a year in taxes for country roads and have been doing that for several years. This time the town expects a direct benefit from the improvement asked for and expects also a ready response from all who are interested in public improvements.—Ladoga Leader.
